

The power of one.

Looking for a SaaS based commodity trading platform in 2022?

SaaS CTRM is a commodity trading and risk management platform that is hosted on cloud instead of being physically installed on client's hardware.

Did you know?

To access SaaS CTRM, all you need is an internet connection!

70% of CIOs claim that **agility** and **scalability** are two of the top motivators for using SaaS applications.

Why SaaS?

The SaaS market is growing by **18%** each year.

About **78%** of small businesses have already invested in SaaS options.

Commodity trading – the new kid on the SaaS block

In 2020, the market value of the top 10 SaaS based companies crossed **\$1 Trillion** for the first time

Median value of top 50 largest SaaS companies increased by **179%** over the past ~year to **\$21.5 billion**.

Why commodity businesses must watch out for this growing trend

COVID-19 affected the "How? Where? When?" of doing business.

It drove digitalization in all fields, including CTRM.

SaaS is empowering commodity intensive businesses to stay agile in volatile markets and up their game.

Benefits of cloud for commodity trading

Real-time visibility

Highly configurable

Flexible and modern architecture

Safe and secured

Improved decisions with advanced analyses

Superior mobility

For businesses looking to make the switch, Eka Cloud Platform is the perfect balance of SaaS and TRM knowledge.
